

Entod Research Cell UK Ltd.

## Quality, Innovation & Research In Ophthalmic Products

*Specialised Dry Eye  
Therapies*

*Ophthalmic Surgical  
Consumables*

*Ocular  
Diagnostics*

## WHO ARE WE?

**Entod Research Cell UK Ltd** (or ERC as we are often called) is predominantly a Formulation Research & Development company specializing in the design, development and manufacturing of Premium Quality and Innovative Ocular Diagnostic, Ophthalmic Surgical Consumables and Specialised Dry Eye Therapies for the UK, EU and regulated markets.

Being Ophthalmic Experts for over **35 years** we have specialized in areas such as development and production of ophthalmic strips such as fluorescein strips, ocular solutions and ophthalmic viscoelastics.

With our highly specialized globally accredited international factory network, we manufacture our products to **US FDA cGMP** standards using technology mastered by the laboratories of the **Entod International Group**, with whom we have partnered for our pharmaceutical venture.

## OUR QUALITY SYSTEMS:

We are **ISO 13485:2012** and **AC:2012 Certified** for Supply of Sterile Ophthalmic Products. Apart from conforming to the relevant European Medical Device Regulations and **US FDA cGMP** standards, our exclusive **GLP** certified laboratories are equipped with the latest analytical and microbiological facilities including **HPLC** analysis, **pH** and Osmolarity, Viscometry and Sterility Testing that allows the most stringent in-house Quality Control and Quality Assurance system checks to be performed on all our products.

# CE CERTIFIED PRODUCT RANGE
